Miscellany

The Alumni are reminded that the general convention of Alpha Delta Phi for 1950 will be held at Rochester Chapter on June 22-24, 1950. The convention not only marks the centennial of the Chapter at Rochester but also the centennial of the University of Rochester as well.

The Chapter would appreciate very much a line from any of the Alumni entering Freshmen in the Class of '54 that they think might make good men for the fraternity.

Brother Dudley T. Hill '07 was re-elected as the Union Chapter's Resident Counsellor for the forth-coming year. Dud has been the Resident Counsellor for the Chapter since 1946 and the active members are looking for another fine year while working with him.

At the annual Alumni meeting held during the Spring Initiation weekend the following Brothers were elected Trustees for a term of three years:

John B. Emans	'36
Otto A. Faust	'11
Dudley T. Hill	'07
Harry R. Summerhayes, Jr.	'36

The other Trustees for the house whose terms did not expire are:

Spencer B. Eddy	'18
Kenneth B. Hanson	'16

Theodore D. Palmer	'18

The Chapter also has elected Brother F. M. Bishop '33 as Union's representative on the National Executive Council. "Bo" Bishop has served in this capacity for us for several years now and the house greatly appreciates the time and effort he devotes in this position.

John R. Vesty, Alexandria Bay, New York. John married Miss Pauletta Menk of East Orange, New Jersey, last summer and is presently living in Saratoga Springs, New York. House Pledges Another Freshman

The house recently pledged Edward Whitmarsh of the class of 1953. Ed is the son of Mr. and Mrs. Edward Whitmarsh of Oreonta, New York. He attended high school in Oneonta and was engaged in many activities including the school band, the school orchestra, and the Math Club. Ed was also the President of his graduating class, President of the Key Club which is affiliated with the Kiwanis, and also manager of his high school baseball team. Here at Union, Ed is enrolled as an Electrical Engineer, and has been active in the College band.

The house hopes to pledge several more men before the end of the term to fill the ranks next fall after the loss of our thirteen seniors.

plaid drapes, blending perfectly with the green, yellow, and walnut surroundings.

The entire Chapter House has been painted and repaired, with the exceptions of the study rooms, some of which have been done by the Brothers. The card room is now a beautiful pastel green while the living room and hall are a dazzling yellow, brightening the House considerably. The upstairs halls are also of this same yellow, with the bathroom a light green. The upstairs drapes have been cleaned and several of the floors downstairs have been sanded and refinished.

Many other minor items have been added through the advice of Mrs. Shields and Mrs. Hanson, adding much to the pleasant atmosphere of the Chapter House, which we hope will induce our alumni Brothers to return in June. Again we must thank the Alumni brothers for their efforts and give our sincere appreciation to Mrs. Shields and Mrs. Hanson for their work on the redecorations. Although repeating ourselves several times now, we want to see more than the faithful few Alumni this coming June, not only to see the new looking Chapter House, but to get to know some of the men from the house to whom the whole Active Chapter is deeply indebted.

Richard B. Williams, Katonah, New York. Dick was a Civil Engineering major and will go with the American Bridge Co. after graduation. Besides being President of the House he was a member of the Glee Club and A.S.C.E.
