

Bob Sherman '49, has announced his engagement to Miss Barbara Happold of Schenectady. No date has been set for the wedding yet. Bob is working in Endicott, New York with I.B.M.

The house is being well represented in the winter sports this year. The two teams representing the house in intramural sports have won five out of the six contests played. Our basketball team has won three out of four games, dropping their only defeat to the Faculty team. The team just didn't click that night and we lost the game by two points. Our volleyball team has taken both of its games, but there are still several hard games to be played and won before we can reach the play offs and possibly the school championship. The house is represented on the varsity basketball team by Spen Warnick '52, of Amsterdam, New York. Spen played first string Freshman ball last year and is now the usual starting center on the varsity team. Several of the pledges are at present trying out for the Freshman Basketball squad. Pledge Werner Reiners holds several New York City scholastic swimming records. "Whitey" is now out for the freshman Swimming team and looks very promising.

Looking forward to the formal news letter to be published next term, we would like to have several columns of alumni news. We will need news from you to do this successfully. Write us a line or two, or better yet, stop in to the "Delt Shop" at any chance you get.

For the chapter,
