## Block "U" Winners

Alfred M. Wade who hails from Greenwich, Conn., has done much to foster the house's name along athletic lines. As a freshman Al went out for football only to receive a shoulder injury to sideline him for the rest of the year. However, the following year he recovered well enough to become one of the mainstays of the Garnet backfield. This past year Al repeated his previous performances with the top-notch varsity which won seven of its eight starts. For these efforts Al has received two Block "U" awards. To demonstrate his versatility, in the spring of his sophomore year, Al went out for baseball and earned his letter as a member of the outfield. This year Al has had to take over second base due to an early injury, and is currently hitting in the number four spot because of his noted "long-ball" hitting.

Bud Mills, current President of the house, is also quite famous on the gridiron. Bud has been out for football since his freshman year, and has won three Block "U" awards as an outstanding tackle on the Union eleven. Last year, however, Bud was considerably hampered by arm injuries which cost him some of his effectiveness. But despite the bad arms, Bud is out this spring for football hoping for bigger and better things this fall.

John DeBello also started out on his football career as a freshman. John earned his letter both in his freshman and sophomore year. Last year John was not out for the team, but is currently out for spring practice and is planning to be around this fall when the season opens.

John Vesty has also received a Block "U" in his freshman and Sophomore year as a football player. How-

ow, Mass. Joe has been with us about as long as anyone, since he began at Union back in 1942 but was interrupted by the war for some time. On his return he became active in sports and won his letter in both hockey and golf.

It has been fine having you all here as Brothers, we only hope now that graduation won't keep you away for long. Good luck.

**Prom** (Continued from Page 2)

Lynn Finlayson. Following dinner, the week-end rapidly disintegrates into the usual routine of the school year once more, and not to be regenerated until the gayest of all school parties, the Junior Prom in May.

This will take place approximately one week from this writing, on the first week-end in May. Brother John DeBello, President of the Junior Class, and newly-elected President of the Senior Class, is the prom chairman, and has worked up a wonderful program for the school and its beautiful visitors.

ever, John who is one of our better scholars gave up the gridiron last fall for the books, and incidentally is doing quite well in that field.

Joe Behan has been a keen participator in hockey for the past two years when he received two letters for his part as right wing on the Garnet hockey squad. Joe was also an active man on the ice before the war. In the spring Joe turns his talents toward golf where he really comes into his own. As a golfer, Joe has earned himself two awards.

Bill Cumberland gave a try at hockey this season for the first time since his arrival on campus three years ago. For his first attempt at varsity hockey "Gimp" was successful to the point where he earned himself a letter.
