

SCHOLASTIC REPORT

The most recent report from the scholarship chairman shows that Alpha Delta Phi has improved its House index from the average of last year. Based on the March mid-term marks we averaged a 2.48 index. Seven men held a B index (3.0) or above. This should place the House among the first half of fraternities, if we can keep up the good work until June.

Brother Genthner again led the House with a 4.5 index. His election to Sigma Xi this spring is something we all expected. Dick deserves the honor, and the congratulations that accompany it.

RETURNING ALUMNI

During the past year, the active chapter has been glad to welcome many returning alumni who are recent graduates. Several brothers have dropped up for various week-ends.

Brother Hanford Salmon, still with the Air Force, is now stationed in Washington, D.C. At last report he was doing confidential work in the Pentagon Building. Dick Williams has another year to go in the army. Meanwhile he is doing engineering work for them in Seattle, Wash., and has had several opportunities to visit the Washington Chapter. At Flower and Fifth, Bart Harris continues his work in medicine. Two years remain for him before he gets into any financially rewarding practice.

Al Meneely, also at Flower and Fifth, plans a wedding ceremony in early June of this year. His fiancée is Miss Millicent Warren, and their marriage will take place in their hometown of Princeton, N.J. Jim Scott had been doing geological work in Louisiana when he was called to active duty in the navy. He is stationed in Bainbridge, Md., and was able to get up for initiation week-end.

Al Anderson has been happily married for a year now, and is working hard on his farm in Hudson, N. Y. Hart Vesty has been up several times, most recently on Spring Week-end. He is still living in Pennsylvania, and doing insurance work. Bud Mills has recently been elected to the Board of Trustees of the Alumni. Living in Schenectady, Bud has kept a close and welcome contact with the chapter, and we're glad to see him elected.

Pete Ten Eyck, Alumni Treasurer, has dined with the chapter several times. We're always happy to see him, and not only because he pays our repair bills. Bill Heyer now claims Uncle Sam as his benefactor. When he was up last fall, he hadn't had a beer for several weeks. Let's hope he's not still thirsty. Bob Sherman and Dunc Lasher both made it up for the initiation ceremonies.

The active chapter would like to see a continuation of returning alumni. The doors are always open, so how about stopping by when you have a chance?

ALUMNI WEEK END JUNE 6-7-8

CHAPTER TAKES SECOND PLACE IN I.F.C. SING.
