

The chapter is now represented from all four classes on the Student Council. Fred Davies, '53, is the latest addition to the Council. Bud Lester, '52, Pete Salmon, '51, and John DeBello, '50, are the other three members from the house. Bud Lester and John DeBello have been chosen as Union's representatives to the National Student Association meeting in April. The latest political move on the campus has been to incorporate the Student Body. This gives the students ownership of the Rathskeller instead of its being owned by the Coordinator of Student Activities as it was prior to incorporation. A committee of four men has been chosen to draft a set of by-laws for the new corporation. Three of the four are Alpha Delts : John DeBello, Pete Salmon and Bud Lester.

The college is also the scene of construction as the work on the freshman dormitory has begun. The dorm is to be ready for occupancy some time next fall, and then the college eye-sore, the Pasture barracks, will be torn down.

The house is taking part in inter-fraternity exchange dinners. Several men from the house are guests at another house for a meal while the other house sends over an equal number of men. So far, we have exchanged men with Chi Psi, Delta Upsilon, and Sigma Phi.

Again we urge you to write a letter to the house so that we will have news for the alumni column in the April newsletter. Write a line or two in some spare moment, or better yet visit the chapter if you have a chance.

For the Chapter,

RICHARD A. GENTHNER
