

Fraternity Brother Gets Sport Recognized

Brother Bud Lester 1952, has done quite a bit of work for himself over the past year. When Bud came to Union last fall soccer was an unrecognized sport of the college. Due to his interest, and incidentally his ability in the sport, Bud has succeeded in getting soccer recognized by the Athletic department. They have a coach who donates his time to the team and makes arrangements for them to play various teams in the Tri-City district. Now that the school recognizes them they are supplying the boys with equipment. Our hats are off to Bud Lester for a job well done.

DeBello (Continued from Page 1) elected President of his class, elected a member of the Delphic Society, and is Chairman of the Junior Prom Committee. John has done an excellent job in this capacity. His aim has been to turn out something original for the school as far as dances are concerned, and from the looks of things a week before the time arrives, he has succeeded very well. He was Treasurer of the house this year, a member of the house Finance Committee, our representative to the Interfraternity Council, and an all-around good fellow. Then, this spring, his campus political activities reached their peak when he was elected the class President of the Seniors. We are all very proud of Brother DeBello.

One of our new initiates, Pete Salmon, has just been elected to the Student Council by the Sophomores for his Junior year. Pete is a neighbor of John DeBello; perhaps he is to follow in John's footsteps. That would be quite a record for the individuals concerned, and for the Alpha Delts.

"Dud" Hill Elected Resident Counsellor

Brother Dudley T. Hill '07 is once again the Resident Counsellor of the Union Chapter of Alpha Delta Phi. As all local alumni well know, "Dud" has taken a very active interest in the activities of the fraternity for a good many years. He was Resident Counsellor for the years 1946 through 1948. The active members look forward to another successful year of working with Brother Hill.

Discursive Delts

ED KEARTON '45 visits the Chapter often whenever he is in this part of the country on business. He works in the sales department of the Kearton and Neagle Company.

JIM WHEELER '45, that master of the golf game, is now working for General Mills, out of New York City. The latest word from "Dangerous Jim" is that he will be up for the Spring Prom, golf bats in hand.

"DOC" RAYMOND '45 has been moved, bag and baggage, down to Texas, where he is still working for Chance-Vought.

AL HILL '46 continues his studies at Cambridge. Al entered the Harvard Law School last fall and is pulling down some fine grades—a difficult feat at Harvard, so they say.

Brother FRED BRONNER '46, in the Albany Law School since last fall, drops into the house frequently and offers us a laugh or two.

JAMIE DENNIS '48 is still doing graduate work at Columbia.

DUNC LASHER '48 is also studying at Columbia while holding down a city bank job at the same time.

"TREMPER" RANDERSON '48 has just snared a livelihood in the murky depths of Pittsburg. John will be selling for a mining supply firm in that city.

Sports

Another winter season, such as it was, has passed, and "Delts" Gimp Cumberland and J. C. Behan racked up a "U" for their play on the varsity hockey team. Pledges Herman and Warnick were steady performers on the Freshman basketball team and look headed for next year's varsity squad. And among the more illustrious of the "Delt" skiers, A. Anderson made a gallant attempt at jumping for the Union varsity.

This Spring, the "Shop" is represented in every varsity sport. Pledges Warnick, Lester, Herman, and Munro are out for spring soccer practice.

Brother Harris is trying his hand at lacross.

Brother A. Wade, a veteran from last year's baseball team, has again cinched a position.

Pledges Lester and Meneely are pushing for mile and half-mile spots in track, Brother Mills is throwing the discus, and Brother Ed Butler is Assistant Manager of the track team.

Brother Behan is again out for the golf team. Brothers Wade, DeBello, and Mills, and Pledge Odell are out for spring football practice.

On the intramural side of the picture, the "Delts" dropped the ball until volleyball and basketball came up. In basketball, we finished the regular season with a big 8 wins against 1 loss. A defeat was incurred, however, in a playoff game, but our previous wins will stack up high in the final intramural standings. Prospects are excellent for a winning softball combination and a good tennis squad this spring. Then comes the track meet which winds up the intramural season and usually a couple of "Delts" place among the winners. On a basis of past experience in recent years, we won't set any records in this field of sports, but the laughs are always worth the effort.

"CHAS" MacGILL '46 is now employed by Swift and Company in Boston.
