President's Letter

Dear Brother,

It is with pleasure that the Union Chapter looks forward to another opportunity to entertain its alumni. This year Graduation Week-End is June 10-12 and we hope as many as possible will be present for the planned functions or will at least find time to drop in for a visit with the undergraduate brothers.

We will have a buffet supper on both Friday and Saturday evenings from six to seven. On Saturday afternoon there will be a Tea from four to six. Friday evening there will be a Beer Party and we hope many of you will be on hand to take part in the festivities, which will undoubtedly include the singing of some of our fraternity songs.

We hope that you will avail yourself of this opportunity to renew old friendships and to meet the active chapter by making our house your campus headquarters.

It will facilitate our planning if you fill out the enclosed card and return it as soon as possible.

For the Chapter,

MILTON A. MILLS
President.

Engagements Announced

Brother President Milton A. Mills has announced his engagement to Miss Sally Dougherty of Schenectady. They plan to be married this summer and to take up residence here next fall while Bud finishes up his senior year.

Brother John Vesty has announced his engagement to

HELP PLAN A Success

The HELP Plan at Union has been very much of a success this year. As previously reported, there have been six fraternities sponsoring foreign students at the college this year. During the first year of the HELP Plan, all those associated with it have found it to be a very beneficial instrument in helping the students at school become better acquainted with those students of the various countries so represented here on campus.

Brother Karl Koch has been very instrumental in the success of the HELP Plan ever since its beginning here a year ago. He acted as Chairman of the HELP Committee since February of this year and has done a great deal to foster the interest of the students in HELP.

At a recent meeting of the house it was decided to have another foreign student as our guest in the house next year. The plan has been very successful this year with Michel Perier as the Alpha Delt guest since September. During the past year Mike has proven to be very enjoyable company. Through the aid of the various Brothers he has increased his mastery of the English language and has also been very quick in picking up the various colloquialisms used in the house.

As yet no definite choice has been made as to which country the house foreign student will be from. To those alumni who aren't aware of it, they too are playing an important part in this program, namely by contributing the room rent while the active Chapter contributes the board. The house is looking forward to another successful year under the HELP Plan.

Miss Pauletta Menk of East Orange, N.J. John and Pauletta plan to marry this summer and live in Saratoga while John finishes his requirements for an English major next year.

Prom Time At The Alpha Delt House

Last February, on the last week-end of the month, the college held its annual Winter Prom Week-end, highlighted by the dance Friday night and a basketball game Saturday evening.

The festivities started late Friday afternoon when the dates started arriving for the week-end. The Brothers all move out of the house in order that the girls can all be found whenever they are wanted.

After dinner, we pass the time as best we can (the bar is open) until 10 o'clock when the dance begins up at the Alumni Gymnasium. Music for the evening was supplied by Frank Flemming, and very danceable music it was. This rather debatable form of relaxation lasted until two in the morning at which time we all migrate back to the house in search of softer chairs and cold beer.

We were lucky in having good weather Saturday. Because of the warm winter there was no skiing, skating, or even old fashioned sleigh riding available, but outside it was very pleasant for the healthy walkers.

Before Saturday dinner, a cocktail party was held at the home of Prof. and Mrs. Bronner on the campus. It was at this time that many of the alumni of recent and not so recent years started to show up; whether it was by coincidence or otherwise is not for this writer to say. At any rate, a very friendly time was had by all.

After dinner the school had a basketball game with Hamilton College down at the city armory which Union won. Back again at the house Armond Carroll and his band were playing for dancing till twelve.

For the few that can get up in time Sunday morning, there is a brief milk punch party at the home of one of the married Brothers, Jim and
